WE WOULD SUGGEST TO OUR CUSTOMERS AND THE PUBLIC GENERALLY, that the present is a suitable time to repair and paint houses and out-buildings. It is short sighted
economy to let them go another year without giving them one or two coats of good paint. The dry winds and burning
sun of the summer, and the heavy rains that will penetrate the unprotected buildings during the succeeding winter, will
do damage to property that will cost the owners three times the amount that it would take to paint them now. It has been generally understood, we believe, by those who pretend to know anything about paints, that Hubbuck & Son's Lead and Zinc are the BEST Paints ever brought into this Market, in fact, some go so far as to assert they are the BEST Paints known to the world. We take pleasure in informing our friends and the friends of every concern, here and elsewhere, that we have recently received an Invoice of White Lead and Zinc, which is said to be superior to Hubbuck & Son's celebrated paint. We now have on hand and for sale, four qualities of White Lead, and three qualities of White Zinc, including Hubbuck & Son's best brands. And we think we can suit any and everybody
